Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger, "Complexion Specialist, "29½ Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge, "Beauty Doctor, "195 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use Internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Cut His Throat on a Train.

Just as Southern Railway train No. 35, from Washington to Atlanta, arrived at the station at Danville yesterday afternoon, a well dressed man walked out of one of the Pullman coaches with blood streaming from his throat, which he had cut just a second before in the car. The man evidently is Stuart F. Bradburn, son of J. F. Bradburn, of Bridgewater, Va.

Leaving a stream of blood behind him, the man walked into the baggage room of the station, where he was taken in charge by two policemen, who took from his hand a pocket knife with which he had committed the deed and which he held tightly in his grasp.

He was carried to the hospital, where an examination showed a gaping wound in the neck. The windpipe was completely severed. Despite the fact that he was apparently bleeding to death, he talked freely, abusing the policemen who took him in custody and the doctors summoned to render him aid. He absolutely refused to give his name, his address, or the motive for the deed. He said:

"I was in hell and decided to end it all."

The victim, when carried to the operating room, fought savagely any attempt to give him chloroform, and finally consented to an operation, with the promise that no anesthetic would be administered.

The operation performed last night was a wonderful exhibition of nerve and endurance. The man may recover.

Argo Red Salmon at 15 cents a can, is cheaper than beef steak at 10 cents per pound because it contains more nourishment.

Woman Murdered by Mob.

As a result of an attack by a mob of men on Sunday night, Annie Hall, a white woman residing near Charity, Patrick county, was shot to death, and her sister, Jane Hall, seriously wounded. The accounts of the killing are very meager, and it is supposed to have been the word of illicit distillers of whisky.

The murdered woman and her sister lived in a cottage with their nephew, and it is alleged that they have been acting in the capacity of spies and have been reporting to the revenue officers the whereabouts of the illicit distilleries and the names of the operators.

This infuriated the moonshiners, it is reported, and a band of them, about a dozen in number, came to the house at a late hour at night and opened fire. Volley after volley was fired by the mob and the house was literally riddled with bullets. The nephew happened, on Sunday night, to be absent, and consequently escaped injury. It was evidently the intention of the mob to murder all three of the occupants.

Numerous reports have reached the revenue officers of "blockade" distilleries and an active campaign to break them up has been in progress. So far no arrest have been made.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street New York.

Panic in a Theater.

Twenty-four persons were injured in an explosion and panic in the Bijou Theater at Greenfield, Ind., last night, some of them very seriously, and deaths may result.

The theater, which is on the second floor of the Moore block, was crowded to the limit and the performance had just begun when there was a heavy explosion in the rear. The walls back of the stage were thrown in, covering the audience with debris and instantly filling the room with dust and smoke. Heavy timbers were carried toward the audience and fell partly upon those in the front seats. Instantly the audience was seized with panic. Men, women, and children rushed madly to the two doors which formed the only exits. In a twinkling there was a great jam of struggling, screaming men and women at the doors, so packed in that no progress could be made. Nearly all of the injured were hurt by being thrown to the floor in the mad rush and trampled upon. The excitement was intense, and hundreds of persons who had friends at the theater crowded around the building as the injured were being carried out. The explosion was caused by natural gas, but in what manner is unknown.

Used Her Teeth on Her Assailant.

Attacked on a lonely Philadelphia street by Geo. Seymour a West Indian negro, Margaret O'Neill, a telephone operator, bit his fingers so severely when he attempted to prevent her screaming by holding his hand over her mouth, that he fled. After nearly a week's liberty, he has been captured and has been identified by his victim and by the dental imprints on his digits.

It was late last Tuesday night when Miss O'Neill was on her way home from the Bell Telephone Company's quarters that she was attacked by the negro, who sprang at her, trying to seize her pocketbook. He did not succeed and Miss O'Neill made a piercing outcry.

According to the girl, Seymour put his hand over her mouth to stop her screaming and put his fingers in her mouth and tried to choke her. Her teeth served her in good stead, for she bit him so hard that the blood ran and made him release her from his grasp.

Miss O'Neill's screams attracted the attention of two men who ran to her assistance, but the negro had succeeded in escaping.

Woman Killed Her Baby.

Matilda Wilson, a negro woman living about seven miles from Danville, on Sunday murdered her 14-months-old son by cutting the throat of the boy from ear to ear, almost severing the head of the little one from the shoulders. The deed was committed with a sharp farm knife at the house while all of the other occupants were away. The murdered boy was discovered lying in a pool of his own blood by John Wilson, his grandfather, who accused his daughter of the crime. She confessed, and declared that she committed the deed because she had been told to do it by neighbors, who threatened her life if she did not kill her child. A coroner's jury convened yesterday and several witnesses were examined. The woman defiantly told the jury how she had severed the throat of the victim, and said that she believed she had done right in the eyes of God. She is now in jail awaiting trial.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAR. 26, 1907.

AN INJUSTICE has been done Alexandria (to say nothing of the expense put upon the taxpayers), by the sending to this city of a military company from elsewhere to "protect" a colored man who is to be tried tomorrow on the charge of murder. When the man was captured in Harrisburg, Pa., and sent to another Virginia city for "safe keeping" till the date of his trial, much unfavorable comment was caused by what was considered by safe and sane citizens as an entirely unnecessary procedure, but the sending of troops here from elsewhere to "protect" the man is considered by those same citizens as the limit. The action of the Governor, and his advisors, whoever they may be, was entirely unnecessary, and most reprehensible. The man is certainly as safe in the keeping of the Alexandria local authorities as he is in that of the Fredericksburg soldier company and to admit otherwise is a reflection upon the good sense of the people. The sending here of out-of-town soldiers to protect a prisoner does this city no good from any point of view, but on the contrary does much harm, for a city with a reputation of not being able to guard and look after its own criminals occupies an unenviable position in the eyes of the world. It is true that ten years or so ago two negroes were lynched here, but that could have been prevented by proper precaution, and then too, those men were charged with violating white girls. It will be remembered that after those lynchings it was shown that the victims were innocent of the charges against them, and that lesson should never be forgotten here. The case to be tried tomorrow is one of simple murder and the reason given by those responsible for "calling out troops," is that the feeling here is so intense against the man that armed soldiers must protect him. This is all a mistake, for while all good citizens want criminals punished, they want everyone to have a fair trial without being surrounded by bristling bayonets, and the whole community excited by the appearance of an armed military company from outside the city marching the prisoner through the streets to and from the jail. From what we know of those who might be engaged in an attempt to take [illegible] tatingly say that a tap on the head with a police stick or a well directed shot from a squirt gun would cause them to desist and that they would be further deterred from any such action if they felt certain that the next morning they would have to face a police trial.

THE threatened strike of many thousands of railway employees in the west should their demands for shorter hours and an increase of 25 per cent. in their pay be refused, has brought forth protests from the railway managers. This, the latter say, is the lost straw. Railroad men say that a hostile public is agitating legislation to regulate freight traffic; the states are enacting laws to reduce passenger rates to two cents per mile; demands for money for other uses in the market have sent rates of interests up to 6 per cent as against 3 per cent which the roads formerly paid; the money needed for necessary improvements cannot be obtained because of the general apprehension that a slump in stocks will follow; and, added to these difficulties, is the threat of the 87,000 employes of forty-two big systems to strike. Railroadmen are pessimistic at the outlook. They predict that unless hostility towards the roads ceases, they will be hampered to such an extent that prosperity will be imperilled.

DESPITE the reports that he would do nothing of the kind Secretary Cortelyou made an important concession to the demands of the stock market yesterday by announcing a reversal of the position taken by him last week on the question of accepting railroad bonds from national banks as security for circulation. His first concession was the action had at the first serious break in stocks two weeks ago, when by several expedients he put $93,000,000 of government funds in circulation. The announcement of yesterday together with his already demonstrated willingness to use the government pocketbook to relieve Wall street in its stress, brings the Treasury Department back to the policies of Secretary Shaw. Secretary Cortelyou now stands ready to accept high-grade railway bonds in substitution of "short 4s," which are bonds of 1907, and are being redeemed.

BECAUSE John Smith, of Scranton, Pa., turned his 12-year-old son over to the police on a charge of larceny, he was roundly scored by Police Magistrate Millar, in police court of that city yesterday. "Your action was not at all fatherly," said the magistrate. "Instead of bringing the boy here, to place him with the scum of the earth, you should have placed him over the parental knee and punished him. I will suspend sentence in the case." Smith had caught the lad, in company with two others, pilfering a quantity of eatables from a refrigerator, and he himself walked him to police headquarters. Were there more such magistrates and fewer such fathers in the country the jails and houses of correction would not be so overcrowded as they are at present.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 26.

Much gratification is felt by Surgeon General O'Reilly over the continued good health of the American troops in Cuba and the excellent work the United States medical officers have done in cleaning up the entire island. During the six months United States troops have been in Cuba there has been only one case of yellow fever among them and on the whole their general health has been remarkably good. Unusual care is being taken by the medical officers stationed in Cuba to maintain the island in a sanitary condition. The army is using an incinerator for the destruction of all excreta and Major Kean has done everything possible to keep the city of Havana clean. The water used by the army is all sterilized.

That the administratien is somewhat worried over the continuation of panicky conditions in New York is manifest from the action taken by Secretary Cortelyou yesterday. Despite the administration's known opposition to the policy of "hooking up" with Wall street, and the recent announcement that the practice of accepting railroad bonds as security for public deposits would be discontinued, the Secretary' after consultation with the President, offered to substitute high grade railroad and other bonds for government fours of 1907. Only last week the Treasury Department refused to make such a substitution for a New York house for a million dollars worth of governments. Now, it is proposed to exchange something like $12,000,000 of them. It is believed that this action is the result of recent conversations the President has had with railroad magnates and other financiers, and that the purpose is to demonstrate that the administration is not in the hostile frame of mind toward the railroad interests that has been charged. Several of the President's callers, it is understood, attributed the discrediting of railroad securities in the foreign markets to the supposed attitude of the administration. In making the present concession, which is said to be only a temporary expedient, the President, it is reported, does not propose to recede from the general principle that the government ought to keep out of Wall street. It has been represented to him that the government would be responsible for a panic, if one should come. Although not agreeing to such a proposition, in view of the apparent seriousness of the present financial situation, he is willing to afford such relief at this time as he can. This is what is said by the defenders.

The Secretary of the Treasury today directed the deposit of customs receipts in national bank depositories of New York city. This is an enlargement of a recent order issued by him. It will increase the public deposits in that city about $15,000,000. Another statement was issued anticipating all and the four per cent coupons of 1907, due April 1, so as to make it payable immediately.

Consisely put the known relief to the money market in New York will be this: Immediate deposit of accumulated customs receipts in public depositories $15,000,000. Daily additions hereafter $1,000,000. Anticipated interest on bonds $2,000,000. The national bank call of Comptroller of the Currency is taken in financial circles to mean "go almost as far as you please in an emergency," although legally banks are suspoed to maintain their reserve intact.

It is a recognized fact, however, that National banks can materially ease up and extend aid that they would refuse in the face of an approaching call for a statement of their condition. Secretary Cortelyou, in explanation of his action, said it could be taken as "indicative of a generous policy." He said he was not prepared to say when he would order customs receipts placed in depositories in other sub-treasury cities than New York. The Secretarys formal announcement concludes. "This action was taken with a view to facilitating the redemption of the four per cent bonds of 1907 and also to render available additional funds for the usual disbursements occuring on the 1st proximo."

While Secretary of War Taft is in Panama he will take under consideration the claims of the various classes of workmen on the canal that they are entitled to a higher rate of pay then they are now receiving. The workmen in the canal zone have recently been organizing into unions and, while there is no present strike of any great proportion a strike of dangerous size may not be among the early improbabilities.

An intolerable condition is being created in Central America. From the American legation at Tegucigalpa, the capital of Honduras, the report comes that President Bonilla, after the disastrous fight at Choluteca, has re-organized his army and is preparing to continue the war with Nicaragua. The triumphant announcement from the victorious Nicaraguans that Bonilla was fleeing, for the purpose of getting out of the country, was, therefore, incorrect. On the other hand the report from Nicaraguan sources that President Zelaya has occupied the Honduran capital is probably correct. President Bonilla has gathered around him the scattered remnants of his army and is making an attempt to prolong the conflict in the hope that other of the Central American States will come to his assistance.

President Roosevelt today announced the appointment of the members of the Immigration Commission which is to investigate conditions abroad this summer for the purpose of preparing a bill to be introduced in Congress next winter. The President's appointees are Charles P. Neill, Commissioner of Labor; Prof. J. W. Jenks, of Cornell University, and William R. Wheeler, of Oakland, California. The other members of the commission, which have already been designated by Congress, are: Senators Dillingham, Lodge and Latimer; and Representatives Bennett, Burnett and Howell.

The Comptroller of the Currency today issued a call for statements of the condition of national banks at the close of business on Friday, March 22.

One of the questions Secretary of War Taft will take up with Governor Magoon in Cuba will be whether or not it is advisable to withdraw the marines now on duty in the island. This course has been recommended by General Elliott, commandant of marines, but the Navy Department has decided to await advices from Secretary Taft.

During the cross-examination of Private Taylor, Company B, 25th Infantry, at today's Brownsville investigation, Senators Foraker and Warner had a sharp tilt. The Ohio Senator intimated that the Missourian was attempting to put words into the mouth of the soldier. Warner declared he would not submit to such charges. Chairman Warner explained that Foraker had not been following the rules of evidence any more closely than the other Senators and he saw no occasion for complaint. The examination then proceeded.

Twenty-right graduates of the U. S. Naval Medical School in this city will receive diplomas on March 30 from the hands of Assistant S cretary of the Navy Newberry, which will entitle them to promotion in the naval medical service. The closing exercises of the school will be opened by music and an invocation by Rev. Randolph H. McKim, rector of the Church of the Epiphany and will include an address by Dr. J. Chalmers Da Costa, of the Jefferson Medical College, Philadelphia, and by Surgeon General P. M. Rixey of the Navy.

Brig. Gen. Henry T. Allen, (captain, 6th regular cavalry), is to be relieved as chief of the Philippine Constabulary, which he has headed since its organization six years ago, because of a controversy with the present civil administration in the Philippines. He will be succeeded by Col. Harry H. Bandholtz, of the constabularly, who, like General Allen, would rank as captain in the regular army.

Adjutant General Ainsworth is advised of the death today at Augusta, Ga. of Col. Daniel M. Taylor, of the Army Ordnance Deparment, from Bright's disease. Col. Taylor was a brother of the late Rear Admiral Taylor. During the administration of President Cleveland, Col. Taylor was military aid to Secretary of War Endcott. He was a native of the District of Columbia

On account of pressure of business under the new railroad rate law the Interstate Commerce Commission has set aside Mondays as "decision day" after the fashion of the United States Supreme Court, which hands down its opinions on that day. The seven members of the commission have been taking testimony singly, in twos, threes etc, and it is now planned to devote Mondays exclusively to general board meetings, when the cases heard will be threshed over by all present and at the conclusion decisions announced.

News of the Day.

A resolution introduced in the Albany legislature congratulating Grover Cleveland on his seventieth birthday, was tabled.

The explosion of a water heater caused a panic among 50 men at dinner in the Cleveland, Ohio, Railroad Y. M. C. A. yesterday.

The flood conditions in California are improved, but the breaking of a levee south of Sacramento placed many residents of the flooded region in danger.

The Roumanian revolt is temporarily, at least, beyond control, peasants besieging cities, burning villages and fighting troops, successfully in at least one case.

The Pope in addition to creating six cardinials on April 15, will hold another consistory later, at which an English and one or two American cardinals will be created.

A great gas well two miles east of Sapulpa, I. T., caught fire Saturday night and is burning furiously. Workers have been unable to do anything to check the flames.

The U. S. Supreme Court yesterday decided that Island No. 76 in the Mississippi river is in the State of Arkansas and not in Mississippi. The decision ends a dispute of half a century.

Fire which started yesterday morning at Spartonsburg, S. C., destroyed 61 houses and left 325 people homeless, causing a loss of about $75,000. There were no fatalities, but several persons were painfully hurt by being hit with bricks from the falling walls.

The Morton salt block, at Hutchinson, Kan., the largest in the world, owned by Joy Morton and Paul Morton, ex-Secretary of the Navy, was destroyed by fire last night. The loss embraced a new $250,000 addition to the plant, and a vast quantity of refined salt, and may reach $1,000,000.

A heavy blizzard, the most severe in 20 years, has raged over Newfoundland during the past three days. Lightning destroyed a house at Harbor Grace and disabled telegraph lines. The high wind blocked the coast with ice, making it impossible to move shipping. Traffic on the railway lines is at a standstill on account of deep snow.

Professor von Bergmann, the famous surgeon, died at Wiesbaden, Germany, yesterday. He was operated upon yesterday for intestinal disorder without an anaesthetic and bore the prolonged cutting of his abdomen with the greatest fortitude, although he did not direct the surgery, as he did in the case of a previous operation some months ago. Prof. Ernst von Bergmann was born at Royen, Livonia, December 16, 1836.

Mrs. Josephine Kelly, a little woman scarcely 20 years old, was led into the Criminal Court in Baltimore yesterday and placed on trial charged with shooting to death her sister, Ida Gaff, two years her junior, November 8. The sensational feature of the trial is expected today in the testimony of Mrs. Kelly, who will tell her own story. Her narrative will be presumably to the effect that the trouble between her and her victim arose over her sister's love for Francis Kelly, her husband. The husband will go on the stand in his wife's behalf.

COURT OF APPEALS.

Proceedings of the Court of Appeals yesterday were as follows:

Garrett vs. Finch. Argued and submitted.
Bowles vs. Nice. Argued and submitted.
Knights of Columbus vs. Burroughs. Continued.

The next cases to be called: Lynchburg Traction and Light Company vs. Guill, Burnette vs. Young, Browder vs. Southern Railway Company, and Smith vs. Smith, being Nos. 88, 90, 91 and 75 on the argument docket.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Virginia News.

A marriage license was issued in Washington yesterday to C. N. Underwood and L. M. Sisson, of Fairfax Courthouse.

Rev. Dr. Paul Whitehead, secretary of the Virginia Methodist Conference for fifty years, is very ill in St. Luke's Hospital in Richmond.

Mrs. Sallie Ellen Williams, widow of Rev. W. G. Williams, of the Virginia Conference, died yesterday at the home of her son, Dr. J. Richard Williams, in Richmond.

John T. Dunlop, aged 64 years, president of the First National Bank of Lexington, died at his home near Buena Vista yesterday. He was born in Montgomery county, Md.

G. W. Allen, a well-to do farmer living near Berryville died at his residence Saturday night from old age. He was eighty-three years old and is survived by a wife, three daughters, one son, and one brother.

The vestry of Monumental Episcopal Church in Richmond has extended a call to Rev. H. H. Covington, of Sumter, S. C. He took the theological course at the Virginia Theological Seminary near Alexandria.

May 14, 15 and 16 have been set as the dates for the first convention to be held at Newport News of the newly organized Virginia Association, B. P. O. E. This is the first State organization of Elks to be formed in the country.

The postoffice at Chatterton, King George county, together with storehouse, dwelling, entire stock of goods, furniture, clothing, &c., was destroyed by fire at 8:30 o'clock Friday night, the postmaster and merchant, Mr. M. M. Clift, and family barely escaping.

George C. Sheppard, aged sixty-five, died at his home at Berryville Sunday night from Bright's disease, after a short illness. He is survived by a wife and five sons. He was a son of the late Champ Sheppard. He was a Confederate soldier, serving with Company D, Clarke County Cavalry, Sixth Virginia Regiment.

Prof. W. Le Conte Stevens, of Washington and Lee University, will be the representative of Virginia at the coming first annual meeting of the simplified spelling board to be held at the Waldorf-Astoria hotel in New York city, on April 3 and 4. The meeting will consist of business sections, discussions of papers, and a dinner at which Andrew Carnegie will preside.

Wealth of the States.

A census report just issued shows the enormous increase in the wealth of the United States since the regular census was taken in 1900. The present wealth of New York State which is largely contained in the city is now twice as great as the wealth of the entire United States, including slaves, in 1850. It is nearly as great as the present combined wealth of all the States which composed the Southern Confederacy. New York in wealth, as in population, ranks first among the States, being credited with nearly fifteen billion dollars, Pennsylvania ranks next, with eleven and a half billion, and then comes Illinois, with nearly nine billion. Of the southern States only seven are in the list of those worth over [illegible] dollars each, these are Texas, $2,836,000,000; Kentucky, $1,527,000,000; Maryland, $1,511,000,000; Virginia, $1,287,000,000; Georgia, $1,167,000,000; Tennessee, $1,104,000,000; Louisiana, $1,032,000,000. The property which enters into these aggregates is real estate and improvements, live stock, implements, machinery, gold and silver coin and bullion, railroads and their equipment, shipping, waterworks, telegraph, etc.

Garden Around Museum.

J. Pierpont Morgan has announced his intention of demolishing the old Dodge House, for which he recently paid $500,000, to make his art museum absolutely safe from fire.

The museum, which stands in the same block, bounded by 36th and 37th streets, Park and Madison avenues, New York, was built at a cost of $2,000,000. It is thoroughly fireproof. Mr. Morgan realized, however, the danger to the art collection that might arise from a burnable structure adjoining the museum. His idea is to get an open space all around it. The open area will be turned into a landscape garden. This $500,000 garden will have a frontage of 67 feet, with a depth of 167 feet.

Almost the entire block is owned by Mr. Morgan who recently bought the Phelps house at the 37th corner of Madison avenue for $600,000, and presented it to J. Pierpont Morgan, jr. Mr. Morgan himself and his daughter, Mrs. Satterlee, occupy the houses on the 37th street corner.

Hope Ahead.

James J Hill, who arrived in New York yesterday from the West, was asked for his opinion of the general outlook.

"Answering a similar question last fall," he said, "I told you the lights showed red to me. It looked like a recession then. You fellows down in Wall street persisted, however, that the lights showed green, which meant everything was clear ahead.

"We still have red lights before us. It means that we should go slow. A recession has set in undoubtedly—perhaps not a big one, but still a recession. If men will be cautious and good tempered and have patience, much good can be done. Granted this, I see no reason to be apprehensive."

Low Records in Wall Street.

Selling pressure exerted principally upon the industrials, but not neglecting the standard speculative railroad shares, drove the stock market through the low level of prices reached on March 14, the date of the recent panic. The course of the market was a steady recession with but a feeble rally at the close. The close found the average price of 30 railroads and industrial stocks at 98⅜, a loss of 2½ points for the day and five-eighths of 1 per cent. below the average of the same stocks at the close on March 14. In the 20 statistical railway stocks there was an average decline of 2½ points. The average closing price was 98.27, as compared with 99.71 on March 14.

Today's Telegraphic News

The Two Cent Rate.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., March 26.—Argument proceeding a final decision in the two cent maximum passenger rate for railroads will begin before the Corporation Commission tomorrow. All railroads in Virginia have been notified to have their attorneys present.

The Thaw Trial.

New York, March 26.—With the trial of Harry K. Thaw for the killing of Stanford White, now in its tenth week, and with the jurors for over six weeks being allowed to separate with no suspicion of attempts being made to influence their verdict, there is a possibility today of a mistrial resulting because of the remark attributed to one of the jurors delaring that not one of the panel has any doubt but Thaw is sane today.

When District Attorney Jerme today received the report that one of the jurors had made such a remark to a number of friends in the progress of a card game in the Sagamore Club in west One Hundred and Twenty-fifth street, he at once instituted an investigation. If he is convinced there was any serious violation of Justice Fitzgerald's oft repeated instructions to the jury not to discuss the case while out of court or even to talk about it among themselves, it is reported he will move, even at this late day, for the dismissal of the jury and insist that the case shall be tried over, if the insanity proceedings now pending do not end the hearing through the sending of Thaw to Matteawan.

According to the story told, the remark was made while the juror was playing pinochle last Saturday night. During the game the Thaw trial came up casually for discussion. One player said to the juror: "I suppose you are tired of your job?"

"Yes, I am tired of it," was the reply. "I will be glad when the whole thing is over. I have not been able to do any business since that trial began."

"Is it possible your work is finished?" asked another club member. "A commission in lunacy may be appointed now, it seems, which would take the matter off your hands."

"I don't think so. There is no man on the jury who does not think Thaw is sane at present."

The juror then went on to state that during the trial Thaw has been carefully watched and studied by the juror. This study of the defendant has led to the conclusion as to his present sanity. No hint was given by the juror as to the view the jurors might hold on the all important point of Thaw's mental condition at the time of the killing.

It is pointed out that the juror quoted could not have learned the opinion of his fellows unless Thaw's condition has been discussed by them. This is in direct violation of the judge's instructions. That the juror should have told how the jury stands is an even more serious violation of instructions. If the remark can be traced home to a particular juror and proof given Justice Fitzgerald that he really said the words attributed to him, it is believed the judge will order the jurors dismissed without further question.

LUNACY COMMISSION TO BE APPOINTED.

New York, March 26.—Justice Fitzgerald this afternoon decided to appoint a lunacy commission to determine the status of Harry K. Thaw's present sanity. The appointment of the commission means that the Thaw trial will be postponed indefinitely.

France and Morocco.

Algiers, Algeria, Mar. 26—Following instructions from Paris preparations are being hurried today to send a column of troops to Oujda, Morocco, if it becomes necessary for France to seize that town to enforce its demand for satisfaction for the killing of Dr. Manchamp. A flying squadron is being fitted out ready to move at the word from Paris. It is said the troops will be sent first to Tlemsen, one of the railway terminals close to the Moroccan border, whence it is an easy march to Oujda. General Liantry, commander of the troops in South Oran, will probably command the expedition if one is sent.

If Oujda is seized at this time by France, it is believed it will be held until the Moorish government not only makes reparation for the assassination of Dr. Manchamp, but for the other abuses of French citizens in Morocco as well as satisfactory guarantees for the execution of the agreements of 1901 and 1902, which Morocco has ignored.

When the French cruisers dispatched to Tangier arrive, it is believed the authorities at Fez will awaken to the seriousness of the situation.

Paris, March 26.—The Moroccan question brought to the front after it had laid dormant a year by the demands of France for reparation for the murder of Dr. Manchamp, is today the all absorbing topic in France. The French demands include punishment of the murderers, reparation to Dr. Manchamp's family and the foundation of a charitable institution in Morocco in Manchamp's memory. These demands will be forwarded to Fez immediately. The press is clamoring for action and is showing a strong anti-German feeling, intimating that Germany inspired the attack culminating in Manchamp's assassination. Radical socialist deputies have declared they will interpellate the government in the Manchamp matter, claiming they have letters from him showing he was abandoned by the French authorities.

London, March 26.—A detachment of French troops under command of General Liantry, today occupied the city of Oujda on the Algerian Moroccan frontier.

London, March 26.—No details of the occupancy of Oujda are contained in the dispatch as it is not likely that and fighting resulted. While action of the French government is well within the confines bounded by international precedents the situation is regarded as extremely grave and one that will require the most delicate diplomatic handling.

Women Captured in Raid.

New York, March 26.—Two girls who set out to prove just how thoroughly women can occupy every position of a man in this world, came to grief today in the Tombs police court, when they were held in $1,000 bail each for further examination on Friday on a charge of assisting in conducting a pool room. Clara Robinson, of Brooklyn, and Emma Santrotk, of Weehawken, are their names. They were captured in a raid on an alleged pool room in the Wall street district late yesterday.

Taft's Labor Record.

Cincinnati, O., March 26.—When all other obstacles have been removed there will remain Secretary Taft's labor record as the rock upon which his boom may split, according to republican enemies of the big Buckeye presidential-aspirant. The celebrated Phelan case and the decision he rendered, one of the most important in the history of trades unionism, and which won for him the title of "injunction Taft," is the bug-aboo which will likely hover over Taft.

The Phelan case was an outgrowth of the big American Railway Union strike in 1894. One of the main objects was to compel the Pullman sleeping car company to make terms with its employees. Taft was presiding in the United States Circuit Court, here.

The strike later tied up the railroads centering here.

Receiver Fenton, of the Cincinnati Southern, appealed for an injunction against Phelan, and the strikers. Judge Taft issued an injunction against Phelan from "either as an individual, or in combination with others, inciting, encouraging, ordering or in any other manner causing the employes of the receiver to leave his employ with intend to obstruct the operation of the road."

Two days after the granting of the injunction Phelan was cited for contempt. He said he had only come here to explain the strike. Taft held that violence was not necessary to constitute contempt of his order and sentenced Phelan to six months in jail.

Demands Will be Refused.

Chicago, March 26.—Demands of fifty thousand employees of forty western railroads will, according to reports of the railroad managers, be rejected today and higher wages and shorter hours refused. In this contingency a strike is certain.

The managers have held a secret conference, and, it is stated, agreed to permit a strike rather than to agree to the increase in operating expenses of $6,000,000 per year, which, they say, would be the result of granting the men's demands.

The demands of the men will be presented to the railroads today. The intention of the railroad officials, it is said, is to place leaders of the unions in the position of rejecting the advances already tendered by the railroads. In this case, they believe public sympathy will be with the roads. Representatives of the employees declined to accept this as the true position of the railroads. They said they expect to receive a further wage increase, although it may not be granted until diplomacy on both sides has been exhausted in the conferences. Negotiations, the men hope, will last several days.

The Trial of Mrs. Kelly.

Baltimore, Md., March 26.—Both sides moved very rapidly in the trial of Mrs. Josephine F. Kelly on trial for the killing of her sister, Miss Ida Gaff, on the night of November 8, last, and before twelve hours had elapsed the state rested its case and the defense is expected to conclude this afternoon, and the case given to the jury before nightfall.

A tilt occurred between the lawyers on the admission of a confession by Mrs. Kelly, shortly after being taken to the station house and which was taken down by a reporter for a local paper, to the effect that the shooting was the outcome of the action of her sister (Miss Ida Gaff) towards Mrs. Kelly's husband. The defense was overruled, however, and the confession was allowed to go in.

Mrs. Kelly throughout the proceedings appeared deeply affected and wept bitterly at times, only being quited by the tenderness and assurances of her attorneys.

By the examination of several of the talesmen it was pretty conclusively shown that the state does not intend to convict Mrs. Kelly of first degree murder.

Troubles in Roumania.

Bucharest, March 26.—Anarchist rebellion reigns throughout a large portion of Roumania. The peasants in the Fenesti have declared a republic and divided the lands and the cattle. The leaders have donned tantastic uniforms and taken on gorgeous titles. Their present followers are following them blindly.

Fifteen wealthy land owners have been killed in the last two days and their estate seized and forty villages in the district of Teleorman alone have been razed. Many of them were burned. In a number of instances the bodies of the murdered men were soaked in petroleum and publicly burned.

Peaceful inhabitants of the capital are in a state of terror and the city is virtually under military rule and in momentary expectation of siege being laid. Business is paralyzed and disorders everywhere prevalent. The new liberal cabinet is taking a firm stand and has issued a warning to the uprising peasants that they will be treated as enemies of the state.

London Stock Market.

London, March 26.—Another optimistic note sounded above the clamor of London's restless market was contained in an interview given out late this afternoon by Lord Rothschild. "There is no panic here, and there is not likely to be any at any time soon," he said. "It is true that there has been a certain amount of selling, the natural results of the attacks on property and the uncertainty of conditions affecting the complexion of the American market. That is all. "It is likely, however, that there will be a big reaction soon, for it must be recognized that it is useless to hurl these attacks at capital and expect employment to be found for labor."

Henalhos Defeated.

Willemstadt, Curacao, March 26.—Gen. Juan Padbl Henaloss, who started a revolution in Tachira State, Venzuala, early this month, has been defeated, according to information contained in a letter received by the Venezuelian consul from Caracas. Government troops are pursuing the revolutionist and his his early capture is expected.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Rayney-Fish Wedding

Newport, R. I., March 26.—Announcement is made today at the Fish home that Miss Marian Fish, daughter of Stuyvesant Fish, will be married to Paul J. Rayney, the New York and Cleveland multi-millionaire at Trinity Church here in September. It is said that Mrs. Harris T. Peters (Natalie Wells) will be the matron of honor and that there will be no bridesmaids.

Mansfield Ill.

New York, March 26.—Serious illness today cut short the tour of Richard Mansfield in "Peer Gynt," and he is on his way back to New York from Scranton, Pa., where he was unable to appear last night. The actor is suffering from nervous indigestion and grip. His trouble with the members of his company lately is said to have been largely caused by his nervousnes and physical ailments.

Attempted Assassination.

Bialstock, Russia, March 26.—An attempt was made to assassinate Governor Bogalevski today while he was out driving. A bomb thrown at his carriage exploded with terrible force, but the official miraculously escaped injury. The coachman was slightly hurt and windows on the street were broken. It was impossible to capture the would-be assassin.

Educational Conference.

The tenth annual conference for educational in the South will meet at the Carolina Hotel, Pinehurst, North Carolina, on the morning of Tuesday, April 9th and will continue through the following Wednesday and Thursday, closing on the night of Thursday, April 11th.

Among the features will be the following:

A statement of the history and meaning of the conference and the southern educational board.

A discussion upon "agriculture and the southern farmer", by Dr. S. A. Knapp, of Lake Charles, La., Mr. T. O. Sandy, of Farmville, Va., and Dr. L. H. Bailey, of Cornell University.

A discussion of "woman's work for public schools," with reports from women who have been foremost in the several States in organizing effort for school improvement.

A State superintendents' meeting, with reports from the State superintendents and from the campaign committee of the southern educational board.

A meeting in the interest of high schools and secondary education, with reports from Dr. Bruce Payne, Prof. P. P. Claxton and Prof. W. H. Hand.

There will also be addresses by President Harry Pratt Judson, of Chicago University, and others who are eminent in the educational world.

The Alaska Packers Association are about to introduce the Argo Red Salmon in this market. They are the largest Salmon canners in the world employing an army of 7,500 men, with a fleet of over sixty vessels, and the Argo is the choicest Red Salmon packed. It is caught in the icy waters of Behring Sea. The flesh is very firm, of a beautiful red color and delicious flavor. It sells at 15 cents a can, which is much below the price that good qualities of Salmon have sold for in the past.

MEETINGS.

The Candidates in Warrenton.

Yesterday, March court day in Warrenton, was given almost wholly over to politics. Messrs. C. C. Carlin, of Alexandria; C. E. Nicol, of Prince William; R. Lindsay Gordon, of Louisa, and John F. Ryan, of Loudoun, candidates for the democratic nomination to Congress, were present and made speeches.

Each one of the speakers was given thirty minutes in which to set forth his claims. There was a large crowd in attendance.

Mr. Carlin with much spirit defended himself from an attack that had been made upon him by the Monitor, a paper published at Rosslyn, in which he was characterized as the machine candidate. The speaker said he resented the idea of being censured because he had chosen to exercise the privilege which every man should accord to another—that of casting his ballot for the man of his choice. He said he had voted two years ago to retain Thomas S. Martin in the United States Senate, and for this he was being taken to task and attacked as the machine candidate. Mr. Carlin said very emphatically that he had no apologies or explanations to make for having voted for Senator Martin. He referred to the latter's absence in Europe with his invalid wife, and said that, so far as he knew, Senator Martin was not aware of the fact that such a canvass was going on in Virginia. Mr. Carlin repelled, the idea that Virginians would condemn a man for such an alleged offense, and grievously said that he did not believe for an instant that any of his opponents were in any way connected with the attack upon him.

At the conclusion of Mr. Carlin's remarks Messrs. Gordon, Ryan, and Nicol were quick to rise and disclaim any knowledge of, or connection with, the attack that had been made upon Mr. Carlin.

A dispatch from Warrenton says: "Anything like an accurate estimate of the voting strength of each candidate cannot be given this early. The friends of Judge Nicol and Mr. Carlin are both claiming the county, and each seem to be confident of victory. Mr. Ryan will undoubtedly be close up in third place. Mr. Gordon made a splendid impression and will get a good vote, which otherwise would probably go to Judge Nicol."

M. E. Church South.

Reports submitted at the fourth quarterly conference of the M. E. Church South last night show that the financial affairs of the congregation are in excellent condition. Favorable reports were also received concerning the spiritual condition of the church. Rev. Dr. J. S. Hutchinson, presiding elder of Washington district, occupied the chair and Mr. James L. Alexander acted as secretary. It was shown that in the past year the congregation had raised for all purposes the sum of $6,000.

It was reported that a design had been adopted for the George R. Hill Memorial building, and that Mr. W. Leon Clark had been commissioned to draw up the plans and specifications. The work of erection will be started in a short time. The building is designed particularly for the young, and is to serve in general as an auxiliary structure to the church. It will cost about $15,000. The following building committee was appointed: Rev. Charles D. Balla, the pastor; E. C. Graham, Dr. Charles E. Outcalt, J. F. Myers and J. Clinton Smoot.

The following were elected to compose the board of stewards for the ensuing year: James E. Alexander, Dr. Samuel R. Catts, Henry K. Field, E. C. Graham, J. G. Graham, George W. Keys, J. F. Myers, Dr. C. E. Outcalt, W. G. Plaskett, Frank J. Pollard, Alvin Powell, John P. Robinson, W. W. Sherwood, J. E. W. Timberman, J. B. Watkins, J. T. Wilkins, W. T. Wilkins, Preston O. Cockey, Oscar B. Pierpont, and J. Clinton Smoot. James E. Alexander was re-elected superintendent of the Washington Street Church Sunday school and J. F. Myers was re-elected superintendent of the Village Chapel Sunday school.

A resolution was adopted expressing appreciation of the work of the presiding elder, Dr. Hutchinson, who has announced his intention of asking to be relieved of the presiding eldership at the coming session of the conference, which will open next Wednesday in Staunton.

The Trial of Johnson.

The work of selecting a jury for the trial of William Johnson, alias Midgets, colored, indicted for the murder of Charles T. Smith, on King street, near Peyton, on the night of October 20, 1906, will probably commence tomorrow morning in the Corporation Court. One hundred citizens have been summoned from whom the necessary sixteen, it is supposed, will be chosen. The prosecution will be conducted by Mr. S. G. Brent, Commonwealth's Attorney, and Johnson will be defended by Messrs. R. D. Brumbach and Howard W. Smith.

As was stated yesterday Johnson arrived here from Fredericksburg about half-past 12 o'clock that afternoon on a Washington-Southern train in charge of Sergeant R. H. Cox and Jail Warden William Candler. The prisoner was also accompanied by Company L, Seventieth Virginia Regiment, under Capt. T. M. Larkin, First Lieut. A. G. Billingsley, and Second Lieut. B. M. Leavell.

Johnson was immediately placed on an electric train and conveyed to the county jail at Fort Myer Heights and placed in the steel cage. A detachment of the company guarded the jail during the night.

Johnson will be conducted to the Corporation Court room in this city at 10 o'clock tomorrow morning. He will be guarded by the Fredericksburg company during the trial, and will be escorted to and from the county jail by the soldiers each day of the trial.

The soldiers are quartered in the county court house and do their cooking under fly tents not far away. They are lazily passing the time away.

The City Council meets tonight.

Proposed Improvements.

Owners of property on Washington street, between Queen and Wythe, met again last night at the rooms of the Chamber of Commerce for the purpose of taking further action toward having those squares paved on both sides with vitrified brick, and with granite curbing, the centre of the street to be macadamed. Nearly all the owners of the property on the squares it is proposed to improve were present, and the absentees are said to be in sympathy with the movement. The petition for the new work will be presented to the City Council tonight.

Most of the property-owners on King street from Fayette to the city limits have signified their desire to have the street improvements continued westward from the point where the vitrified brick roadway now ends.

Electric Wire Found.

Chief Goods and Officer Ferguson, accompanied by several of the electric railway officials, went to Baltimore yesterday and found and identified 279 pounds of copper wire belonging to the W., A. & Mt. V. Railway Company, which had recently been stolen from that company in this city and Fairfax county. The wire was found in the store of Frank & Co., who stated that it had been shipped to them by an Alexandria dealer and was just about being reshipped to Philadelphia. This morning these facts were presented to Mayor Paff, who at once placed them in possession of Commonwealth's Attorney Brent who will have the matter investigated.

The Steamer Newport News.

The steamer Newport News of the Norfolk Steamboat Company which has just undergone extensive repairs and improvements at Newport News has returned to Washington. The Newport News, together with the Jamestown, will be the two steamers which will make the trip to the Jamestown fair this summer entirely by daylight. Among the important improvements made in the steamer are the addition of thirty new state-rooms, the installation of new boilers, and the complete refurnishing of all parts.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Joseph Davis, colored, arrested by Officer Beach for drunken and disorderly conduct, was fined $10.

Laura Solomon, arrested by Officer Henderson charged with being drunk and disorderly, was fined $5.

Edward Grooms, arrested by Officers Jones and Henderson charged with being drunk and disorderly, was fined $5.

Personal.

Mr. Harvey Selectman left here this evening for Providence Hospital, where he will undergo a surgical operation.

Mr. Peter Lawrence has returned from Hagerstown and Frederick, Md., where he went on business.

Miss Gault Peyton left today for a visit to Boston.

Mr. John W. Atwell is quite sick at his home on south Columbus street.

Mr. W. E. Lambert, who was called to this city by the death of his son, Mr. W. Frank Lambert, has returned to St. Louis.

Illegal Fishing.

Within the next day or two, the auxiliary launch of the Washington police boat Vigilant, the Major Sylvester, will patrol the river at night on the lookout for fishermen drifting nets contrary to law. Row boats heretofore have been used by the harbor police for the purpose of arresting lawbreakers of this character, and now with the increased facility given by the Major Sylvester, Lieut. Sutton hopes to put a stop to all illegal fishing within the District lines.

B. P. O. Elks.

At the annual meeting of Alexandria Lodge, No. 758, B P. O. Elks last night the following officers were elected for the year: Harry Fleischmann, exalted ruler; F. P. Bussell, leading knight; David E. Robey, loyal knight; Howard W. Smith, lecturing knight; Edward J. Fleming, secretary; O. J. Geisendafler, treasurer; T. D. Downey, tiler; J. B. Fitzgerald, trustee; Louis Shuman, jr., delegate to the national convention; Jacob Brill, alternate.

Sudden Death.

Mrs. Sarah A. Munroe, wife of Mr. Michael Munroe, died suddenly at her home, No. 312 Princess street last night at 7:40 o'clock. Her death was caused by heart trouble. The deceased was in her usual health and was stricken while sitting in a chair talking. She was 38 years of age, and is survived by her husband and one daughter.

Benefit Paid.

The officers of George Mason Council, Royal Arcanum, have paid to the beneficiaries the sum of $3,000, the amount of the benefit held in that order by the late Isador Brown.

There were rains south of this city this afternoon, accompanied by thunder and lighting.

A Good "Bridge" Story.

A woman of good social standing told this bridge story: "I was invited to a luncheon recently, and after the meal bridge was suggested. I asked to be excused, but my hostess insisted I must play. So with excuses for possible blunders I 'cut in.' I was 'in' every time, and lost, as I do in our family circle, where I am trying to learn. We had a pleasant afternoon, but the unpleasant echo came the next evening when my husband returned from his office with the news that the hostess had sent him a bill for $97, that being the amount which she wrote I had lost at bridge the day before. At first he wanted to have my hostess arrested for keeping a gambling house, but on second thought, to avoid notoriety, he sent his check for $100, writing on the check, 'Bridge, $97; luncheon, $3,' and he says he will have more fun with the voucher when it comes back from the bank than my hostess will have with the $100.—[New York Tribune.

The corpse of a murdered woman was found standing in a closet in a San Francisco home yesterday.

New York Stock Market.

New York, March 26.—The bear element was taken by surprise this morning. A further decline in the price of copper metal in London was used as a reason for breaking amalgamated in the first few minutes to 78 1-2 against 83 1-2 at the close yesterday and a continued drive was made at Steel Common, which was offered in large blocks at the opening at 31 1-2 apparently for the purpose of forcing renewed liquidation in other parts of the room.

Bear attacks were noted in nearly all the active issues and in the first few minutes it seemed as if those committed to the short side would succeed in forcing prices to still lower levels this morning. The first announcement was noted in Union Pacific which was brought at the opening of the stock up a point at a time causing a stampede of shorts on whose efforts to cover the price moved up to 128 against 122 1-4 in the first few minutes.

The result of the combined demand was advances in many active issues ranging from 4 to 6 points from the low range immediately after the opening and net gains of nearly as large in the first hour over yesterday's closing figures.

One of the stories current in the lobby of the exchange was that a $25,000,000 bull pool had been formed yesterday of operators affiliated with the Morgan-Hill interests and that much of the buying in the Morgan-Hill stocks came from this source.

New York, March 26—Noon.—The strong tone established in the stock market in the first hour was well maintained all through the forenoon and further substantial gains were made in many important stocks that are regarded as market leaders.

The tone of the stock market continued strong this afternoon higher ranges among what are regarded as the market leaders. The gains ranged from 7 to nearly 9 points over the lowest touched just after the opening.

Lost and Found.

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at E S. Leadbeater & Son's drug store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

We Call

The especial attention of those who are fond of a first-class smoke to our

Perfecto, Choice and Plantation Cigars

Because of the fine filler that is used in the making of these brands. This filler, used with a natural sweet Connecticut wrapper and binder, makes no doubt the best smoke that can be manufactured.

The Yeomans Estate.

William H. Martin, as trustee for creditors, has filed a chancery suit in the Circuit Court of Loudoun county against the heirs and administratrix of the late James D. Yeomans, a former member of the Interstate Commerce Commission, who died at his home, near Ashburn, last November. The estate is represented by Attorneys Frank Lyons and R. Walton Moore, of Fairfax Courthouse The estate is valued at about $100,000, and consists of a large amount of personal property and 2,400 acres of farming lands in Loudoun county, which the decedent purchased from the Ashburn Stock Farm Company, of which company the principal stockholder was Senator William M. Stewart, of Nevada. Besides property in Loudoun county, he owned real estate in Sioux City, Iowa, and was the chief stockholder in the High Point Plantation, in Fairfax county.

A Humane Appeal.

A humane citizen of Richmond, Ind , Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Woman Jumps from Ferry Steamer.

Two women grappled desperately with Mrs. Elizabeth Chambers, a beautiful and handsomely attired woman, yesterday to prevent her from plunging from the ferryboat Flushing into the East river at New Yook. She dragged them to the edge of the deck, where they released her barely in time to prevent the frenzied woman from pulling them into the water with her. Mrs. Chambers, who is the wife of a contracting bufider, then plunged overboard, when John Ferrin, a deckhand, jumped after her. He seized Mrs. Chambers by her dress, and although she endeavored to beat him off, kept her on the surface until the Flushing was stopped. The boat was backed and ropes were thrown from the deck. Mrs. Chambers was senseless when saved. Why she desired to end her life could not be ascertained.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c.
